Re: Final Approval of Permit Amendment, Bonneville Quarries, Inc., Dove Creek Quarry, M0030016, Task #362, Box Elder County, Utah

Dear Mr. Bown:

On January 12, 2001 the Division received an amendment for the Dove Creek Quarry. This amendment included relocating the access road and the site locations for the Sunshine East and Vertical Cloud Pits. The Division issued conditional approval of your amended Notice on March 31, 2001. Final approval was dependent upon the Forest Service completing an EA (NEPA documentation). On March 31, 2006, the Division received final approval of your amended Notice from the Forest Service. The Division now issues **final approval** of this amendment.

On July 1, 2005, a transfer was submitted to transfer this permit from Bonneville Quarries, Inc. to Dove Creek Quarries, LLC. The Division will now proceed to complete this transfer. Once the new operator has posted adequate replacement surety, Bonneville Quarries will be released from reclamation liability at this site.

The Division appreciates your patience and cooperation in completing this amendment. As always, please don't hesitate to call me or Lynn Kunzler of my staff if you have any questions regarding this matter.

Sincerely,

Susan M. White
Mining Program Coordinator
Minerals Regulatory Program
